

# Blended Learning Technology Tools (Learning Management Systems=LMS)

---

Most of these sites allow you to create an account with existing email addresses, i.e. Gmail, Facebook, yahoo, Edmodo, etc. (Facebook logins won't work on school network)

This means if you have one of these accounts, it is extremely easy to go to the below sites and sign-up.

In most cases, even if they do not support other accounts, it's still pretty easy to create accounts.

Please Feel Free to add sites and descriptions or email links to [ehollister@k12.wv.us](mailto:ehollister@k12.wv.us)
